

## REMARKS

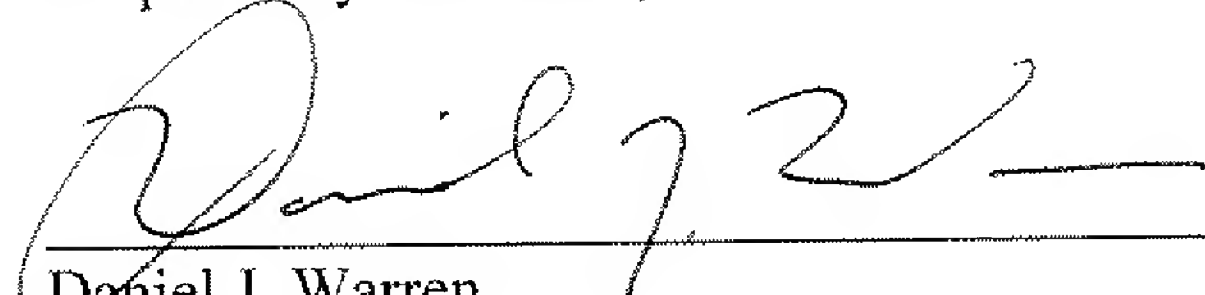

The present application now has 23 claims with Claims 1, 18, and 21 being independent claims. Claims 18 – 24 are allowed; Claims 1, 2, 5-10, 12, 16, and 17 are rejected; and Claims 3, 4, 11, and 13 – 16 are objected to. Claim 1 has been amended herein. Claim 4 has been cancelled.

Claims 1, 2, 5-10, 12, 16, and 17 were rejected under 35 U.S.C. §102(b) as being anticipated by GB 2066441 A. The reference was described as showing a plurality of article chambers with a heating element, a cooling element, blower means, and a refrigeration system. The Applicant has amended independent Claim 1 so as to include the limitations of dependent Claim 4. Namely, that the refrigeration system includes a removable refrigeration cassette. Claim 4 has been indicated as being allowable. The Applicant thus asserts that independent Claim 1, and the dependent claims thereon, are patentable over the cited references.

## CONCLUSION

The Applicant asserts that it has responded to each matter raised in the Office Action. Any questions may be directed to the undersigned at 404-853-8028.

Respectfully submitted,
